

Super Dogs

By Zedekiah, DC

One day at a dog park, there were dogs playing outside. The dogs' owners were giving them treats. They were having the best time of their lives.

On that same day, a grumpy cat walked past the park and wished that all the dogs would not have a happy home to go to. The grumpy cat gathered all his grumpy cat friends. They wanted to take over the world. The grumpy cat wanted to put all of the dogs' owners to sleep so the dogs wouldn't have families.

After the cats put the owners to sleep, the dogs started to panic and did not know what to do. The grumpy cat had a party to celebrate the successful mission. But little did they know, the dogs were making a plan to get them back for the heartache they caused.

A magic fairy came to the meeting to help the dogs. As the leader of the dogs was giving his speech, the magic fairy sprinkled fairy dust over all the dogs in the room. It gave them all powers. Once the fairy dust landed on the dogs, they changed very fast. The dogs started to see changes in their bodies. They were stronger, could become invisible, had louder barks, were able to fly and squirt water. The grumpy cat and his friends thought that everything was fine.

The dogs jumped out of nowhere and cornered the cats. The grumpy cat was scared. He didn't know what to do so he threw sleepy dust on the dogs, which didn't work. The dogs forced the cats to take the sleepy spell off their owners. The cats refused and demanded a favor first.

The cat said, "You have to get me some fish first."

The dogs went to go get the fish and came back very fast. The cats were still hungry, but the dogs refused to get them anything else. The cats got mad and wanted to fight. The dogs squirted the cats with water and told them if they did not take the spell off they were going to keep squirting them. The cats took the spell off of the owners.

The dogs said, "Thank you for taking the spell off."

The cats were wet and scared so they ran to their hide out. The dogs lived happily ever after.
